The screenshot shows the CarSys software interface, specifically the 'WEEK VIEW' for December 2024. The main calendar grid displays three days: Wednesday 11, Thursday 12, and Friday 13. Each day has a red icon and a green icon. Below the calendar, there are several sections: 'Recently changed approvals' (No data found), 'Time registration' (Start workday button), 'MijnGarage tender lookup' (Search bar), 'Incoming proposals' (Search bar, Easy ID, Reference ID, Name, Registration, Proposed date, Proposed time, Courtesy vehicle columns, No incoming appointments found), 'Proposed appointments by accounts' (No appointment proposals found), 'Service order statuses' (Last updated, Registration, Status, No status changes for service orders), and 'Open requests' (Concept app: 0, Tyre warranty: 0).

3. Developing tool skills

Focused on:

- Jira
- Git
- CI/CD

4. Exploring the job market

Focused on:

- Skill sets
- Career paths
